NOTICE

STATE OF NEW HAMPSHIRE

L. S.

To the Inhabitants of the Town of Hooksett, State of New Hampshire, in the County of Merrimack, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Hooksett, N. H., on Tuesday, the 10th day of March next, at ten (10) of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation for the same.
3. To see if the town will vote to accept all trust funds given to the Town not heretofore accepted.
4. To see if the town will vote to establish eight street lights: five on Auburn road and three on Londonderry turnpike to be located by the selectmen, as petitioned for by Arthur B. Pitman, and several others.
5. To see if the town will vote to accept the street running from the D. W. Highway to the house of Alfred

Lavallee, near Johnson's landing, as petitioned for by Alfred Lavallee, and several others.

6. To see if the town will vote to give a discount of 2% on all taxes, except poll taxes, paid on or before the 15th of July.

7. To see if the town will vote to raise and appropriate a sum of money necessary to secure State Aid to help in the white pine blister rust in town.

8. To see if the town will vote to raise (\$100.00) one hundred dollars for the observance of the Old Home Week.

9. To see if the town will vote to raise such sums of money as recommended by the New Hampshire Highway Department for State Highways.

10. To see if the town will vote to accept and maintain hydrants in said town if water systems are installed, same to be located by the selectmen, as petitioned for by Thomas D. Paris and several others.

11. To see if the town will vote to raise and appropriate five thousand dollars (\$5,000) for the purpose of purchasing two chemical trucks: one for South Hooksett and one for Hooksett Village; the selectmen to appoint a committee of six: three from South Hooksett and three from Hooksett Village to coöperate with them in purchasing the same, also in the maintenance and operation of the same. Petitioned for by Guy M. Lawrence, and thirty-three others.

12. To see if the town will vote to issue serial notes to the amount of twelve thousand dollars to pay outstanding notes of the town of that amount as follows: three notes payable to A. D. Brown, each for one thou-

sand dollars, dated June 1, 1909, May 2, 1910 and March 2, 1914; one note for two thousand dollars payable to Simon B. Rowell, dated Sept. 1, 1916; one note for one thousand dollars payable to John C. Dutton, dated July 20, 1918; and two notes payable to the Amoskeag National Bank, one for four thousand dollars dated March 20, 1923, and the other for two thousand dollars dated June 14, 1923; said serial notes to be four notes of three thousand dollars each, payable one each consecutive year for four years commencing with the year 1926, payable on such date, at such place and at such rate of interest as the selectmen may determine, and to be issued upon such terms of sale as the selectmen may fix.

13. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this twenty-first day of February, in the year of our Lord nineteen hundred and twenty-five.

BYRON H. ROLLINS,
SAMUEL POOR,
GEORGE L. READ,
Selectmen of Hooksett.

REPORT SCHOOL BOARD

July 1, 1923, to July 1, 1924

Remarks

The Board of Education of your town begs to submit at the end of the school year, June 30, 1924, their annual report for your consideration.

We have tried to attend to the duties of office faithfully, as your school committee, working for the best interests of the schools and trust these results have been obtained.

We feel that our schools are in good shape at the present time—even in better condition than the average town schools.

We have an able and efficient teaching staff and we feel that our superintendent is faithful to our work and ever mindful of our needs.

There has been one change in our teaching staff—Charles G. Pritchard succeeding Albert J. Brooks as principal at the village school No. 6.

After a careful inspection of all school property, early in the season, we decided the following repairs were needed and had the work done at the close of the year.

The one-room school building was changed at No. 2 into a two-room school under the direction of State Board of Education.

Miss Ella Woodbury was hired to teach the first four grades here.

At No. 4, the walls and ceilings in the three class rooms were refinished and minor repairs made.

At No. 5, minor repairs made and building thoroughly cleaned.

At No. 6, Painting of walls and stairways—new blackboards—building thoroughly cleaned, and minor repairs made.

At No. 7, building cleaned and minor repairs made.

At No. 8, it was found to be necessary to shingle roof as it was leaking badly. Building put in good shape so that we can reopen school in this district whenever attendance may demand it.

We have tried to maintain a high standard and the interest shown by parents and their coöperation with the teachers have helped wonderfully along these lines.

Mrs. Lena B. Thomas has acted as Truant officer and taken the enumeration of pupils in town.

We present our financial report and refer you to the Supt. H. S. Roberts for reports on school management. We thank all who have assisted us during the year.

FORREST W. EVARTS,
ERMA E. MITCHELL,
EUGENE S. HEAD,
School Board.

REPORT OF Superintendent of Schools

To the School Board and Citizens:

I herewith submit my sixth annual report of the schools of Hooksett.

There were maintained during the year, eight schools for a school-year of 36 weeks with no change in the teaching force.

The school enrollment was 242 (121 boys, 121 girls) with a daily average attendance of 94 per cent, making a gain of four per cent from last year.

The schools were in session on an average 350.5 half-days, showing a gain over last year of 8 half-days. This is an excellent record for which the teachers deserve great credit.

The schools are in a wholesome condition, being well supplied with text-books, scholars-supplies and other equipment.

NUMBER TWO SCHOOL

During the summer vacation the school-room was divided into two rooms and an additional teacher employed to overcome the crowded condition and to give a better opportunity to the pupils.

This was intended by the school board as a temporary expediency and as such, permission was granted by the State Board of Education.

This change benefited the school only as to the number of teachers, the overcrowded condition exists in a greater degree by an increased enrollment. This increase was caused by keeping the 7th and 8th grades in the school and by the entrance of a large number of new pupils.

This locality needs a new, modern school plant erected on a lot large enough to furnish ample space for games and other health exercises.

I am informed that an Article will be inserted in the school Warrant asking for an appropriation for this. I hope the same will receive a favorable consideration by the voters.

SCHOOL HOMES

The School Home is an important factor in the education of the child and should leave a lasting impression upon the mind for good character and citizenship.

The school building should be sanitary, comfortable, well-lighted, ventilated and heated and located on a lot large enough to afford wholesome health exercises and games.

To secure these benefits it is necessary to have the active coöperation of the citizens, especially at the annual District Meeting when the appropriations are made.

The expenditures for the support and maintenance of schools have increased but in no greater ratio than personal, business and other public expenditures.

The school board hold regular meetings, at which the superintendent is present, to consider the needs of the schools. They are faithful and successful in the discharge of their duty and work impartially for the best interest of each school.

HEALTH INSPECTION

Health inspection has been conducted yearly, defects noted and cards sent to the parents telling them of these defects and urging remedial treatment. A few of the parents have heeded this advice and had these defects corrected, benefiting the child both as to health and learning ability. The greater number parents apparently pay no attention to these cards as the pupils return with adenoids, decayed teeth and enlarged tonsils.

If the danger of the defects to the child's physical and mental welfare is understood by the parents, it would seem that they would seek proper medical treatment.

Adenoids and bad tonsils are source of dangerous diseases and are directly responsible for the backwardness of many pupils.

Many children have defective vision, which the medical inspector notes on the cards. Parents should be anxious to provide properly fitted glasses for such, as eye-strain causes headache and affects the nervous system and general system of the child.

Of 432,000 school children who were examined in one of the New England states more than one in five had defective vision.

TEACHERS' MEETINGS

The teachers' meetings held during the year have been well attended. At one meeting, Commissioner E. W. Butterfield gave his interesting lecture on the Law of Heredity. At another Supt. Morris of Manchester and Assistant Supt. Walker of Concord talked on the Standardized Tests.

Both speakers interested and instructed the teachers. Their talks were especially helpful at that time as the teachers were about to use the "Courtis Standard Practice Tests" in Arithmetic.

I have found the teachers industrious in working for the best interest of the pupils.

REPORT CARDS

We urge the parents to examine carefully the Report cards brought home by their children and to confer with the teacher upon any item on the card not understood. These cards are a record of the child's attendance, conduct, effort and scholarship.

Parents and citizens are cordially invited to visit the schools frequently that they may get an accurate knowledge of the work of the school room.

In conclusion I express my appreciation for your coöperation and assistance.

Respectfully submitted,

HENRY S. ROBERTS.

Superintendent of Schools.

Medical Inspection

December 31, 1924.

MR. H. S. ROBERTS, *Superintendent*, Dear Sir:

Below is submitted the results of medical inspection of the schools of Hooksett, for the school year 1923-4:

Number pupils examined	210
Malnutrition	4
Defective vision	3
Anaemia	4
Nervous disease	3
Cardiac disease	7
Pulmonary disease	4
Skin disease	1
Orthopedic disease	1
Defective teeth	35
Defective tonsils	102
Adenoids	69

Comparing this report with that of last year, it will be seen that the tonsil defects have increased from 74 to 102. This is appalling, in view of the fact that we are hoping to decrease each year.

Parents will note that the addition of defects are great, but this is explained, many children have every one of the defects listed, therefore, one child may have all eleven defects.

It is true that all of the heart and cardiac defects, of which there are fortunately only four, are due to pre-existing tonsil disease.

I wish to impress upon parents the necessity of caring for this condition, as there should be no excuse to do otherwise. If parents are neglecting this because of financial reasons, I wish it known that no needy child will be refused this very important treatment.

Respectfully submitted,

BENJ. L. FREEMAN.

Remarks

The library has had a prosperous year. It has been well patronized. A larger number of books and magazines have been contributed than during any previous year. We have some very valuable books from the library of Mr. Lewmon H. Summers, presented by his sister Mrs. Carrie Sanborn. Following is a list of some of these books: “Grote’s History of Greece,” 4 volumes. “Gibbons’ History of Rome,” 5 volumes. “Macaulay’s History of England,” 5 volumes. “The British Poets” by Wordsworth, 6 volumes. “The Great Battles of all Nations” by Archibald Wilburforce, 2 volumes. Mrs. Inez Fuller Goodwin gave the library a very valuable picture of the Presidents of the United States. We regret very much that postmaster Arthur G. Robie was obliged to resign from the board of trustees of the library. The post office department, at Washington, promoted him, for that reason he could not hold the office of trustee. He was very faithful in his work, always ready to do his part, and very obliging.

The library met a great loss in the passing on to the higher life of Mr. Frank E. Cox, one of the trustees. He was superintendent of the Dundee Mills. He was interested in anything which would promote the welfare

of the town. He helped the library in many ways. He gave the portraits of the Presidents of the United States. He gave \$25 to rebind our books which was very much appreciated. He also left a sum of money for a library fund, the interest of which will be used to procure books. We hope that other good friends will follow his example and add to this fund. The books and magazines presented during the year have proved to be very interesting. We wish to thank those who have contributed so liberally and all who have in any way helped the library.

Respectfully submitted,

JENNIE R. ABBOTT,

Librarian.
